Circle

By Jeannie Baker

With entrancing collages and lyrical narration, the creator of the acclaimed *Mirror* follows the epic flight of an extraordinary bird.

Each year, bar-tailed godwits undertake the longest unbroken migration of any bird, flying from Australia and New Zealand to their breeding grounds in the Arctic and back again. They follow invisible pathways — pathways that have been followed for thousands of years — while braving hunger and treacherous conditions to reach their destination. In *Circle*, Jeannie Baker follows the godwit's incredible flight, taking us over awe-inspiring scenes as the birds spread their wings above such beautiful landmarks as the Great Barrier Reef and China's breathtaking cityscapes.

Mirror

by Jeannie Baker

Two diverse cultures, countries and families are linked with warmth and charm in this two-in-one picture book.

This innovative picture book comprises two stories designed to be read simultaneously one from the left, the other from the right. An Australian family, whose way of life strikes a familiar chord, and a family from a far away country with a way of life that differs more than one can imagine. As we read we discover the simple truth that despite these differences we are all the same. We are the mirror of each other.

A wordless account of the reclamation of an urban landscape told through fascinating, detailed collage artwork.

Illustrated with elaborate and gorgeous collage constructions, *Window* is a wordless picture book that speaks volumes. Millicent

A reissue of the classic Australian picture book by Jeannie Baker about pigeons in iconic Hyde Park.

Millicent is a warm and gentle story about an old lady's daily wanderings through Hyde Park to feed the pigeons. Belonging

by Jeannie Baker

A powerful wordless account of the greening, year by year, of a typical urban landscape.

As in the author's previous picture book, *Window*, this book is observed through the window of a house in a typical urban neighbourhood, each picture showing a year's developments. This is *Window* in reverse, with the land being reclaimed from built-up concrete to a gradual greening, shown through the artist's characteristic collage illustrations.
